## CRAFTED FROM THE FINEST SYNTHETIC FIBER BRAND

We are proud to share that we are the only furniture manufacturer in Cebu exclusively using the premium synthetic fiber brand, "Viro." Made from high-density polyethylene (HDPE), Viro is renowned for its exceptional durability, UV resistance, and weatherproof qualities, ensuring it withstands the toughest outdoor conditions.

Rigorously tested to meet the highest quality standards, Viro has been proven to retain its natural color even after 2,000 hours of UV exposure, ensuring lasting beauty and performance.

This material mimics the natural color and texture found in nature while offering unmatched longevity.

In addition to using Viro, we carefully source the finest materials from trusted brands to ensure every piece we create meets the highest standards of quality, style, and durability, delivering exceptional value to your project

### Abrasion Resistance

Tested and passed 30,000 cycles per ASTM d4966-12 (2016).

### Weather & Chemical Resistance

Weather resistance & anti-contamination make it suitable for outdoor furniture.

# MAINTENANCE & CARE TIPS

## Weave Maintenance

We recommend that Woven Furniture is cleaned at least once a year, it is important to use a non-foaming cleaner on woven furniture, as a foaming product will leave residues in the gaps in between the weave which will then attract dirt.

A pressure Hose on a wide spray setting is acceptable to use on woven chairs at a distance of approximately one metre from the product, tables should be cleaned carefully with sponge and a cleaning agent. follow the instructions below;

1. Apply lukewarm water with a soft cloth or sponge.
2. brush the furniture clean with a soft scrubbing pad.
3. Rinse Furniture well with clean water.

Scratch Marks or abrasion to the edges of the fibre can be repaired by very briefly and carefully applying heat (i.e. the heat of a hair dryer) to the affected area and rubbing along the length of the fibre with a pie. To clean the Table top glass was suggest the use of any household glass or window cleaner.

## Cushion Cleaning Tips

1. Brush off any loose dirt
2. Prepare a cleaning solution of 1:16 mild detergent to lukewarm water.
3. Use a sponge or a soft bristle brush to clean.
4. Allow cleaning solutions to soak into the fabric.
5. Rinse thoroughly to remove all soap residue.
6. Allow fabric to air dry.

Do not dry clean the cushions, use bleach or detergent, iron, steam Iron or tumble dry.
